## Paul Whitehouse (Chair)

**I have been a director of Bristol Community Ferry Boats for three years now and was elected Chair by the Board at the end of 2017. Your company continues to prosper and I am pleased that we committed to continue our work with the community which was started with the Power to Change Grant.**

## Roisin Tobin (Manager)

**As the new manager of Bristol Ferries, I have stepped into a new role with The Board and hope to bring my experience of working with community organisations to further the Ferry boat team!**

## Kate Fowler

**I want to help BCFB go from strength to strength as the city's premier community transport service**

## **Keith Hallett**

## **Kevin Lehane**

**I love the ferries, I have been part of the Ferry board for the last three years and was one of the ferry rescuers. I would very much welcome the opportunity to continue to be involved with the ferry through the interesting times ahead whilst we get a new boat, upgrade our IT and look for ticketing solutions which are compatible with any future Bristol wide ticketing initiatives.**

**I wish to use my background in engineering, IT, project management and running my own business to help with the Ferry company's continued success.**

## **Marian Tucker**

**I was one of the original "Rescuers" who bought the Ferry boats in 2012 and have been an active board member since. I helped draft the Power to Change Lottery application and I shall continue to help guide and support this great company through its next development phase.**
