

What's the Difference between a 'Regular' and an 'Extra' Educational Tour?

On our Regular Educational Tour, you can have a commentary by the skipper or crew. Skippers and crew who give commentaries are knowledgeable about the history of the harbour and its regeneration, and you will get an informative and interesting talk as you explore Bristol Harbour on your hour-long tour.

Cost £148

If you want a more in-depth tour with a dedicated presenter who has studied the curriculum you will need to book an 'Extra' tour. If you choose the 'Extra' Tour, you will be sent relevant curriculum-related resources such as a map of developments, surveys, and a student workbook. These can be used to prepare the class, during the field trip, and to follow up learning after the visit.

Cost: £170

If you scroll down on our website secondary education page, you will find a downloadable booklet to accompany either tour.

Our trip is unique in that you will be able to access areas of the in-progress Temple Quay development that are inaccessible on foot. Many classes visit the Engine Shed 'Innovation Centre' at the beginning or end of the trip and get dropped off or picked up from the Temple Quay landing stage. Other groups have compared two brownfield developments; such as the Harbourside 'corporate' development and the Cargo development that only houses 'Independents.'

Our office staff (0117 927 3416) can help you arrange multiple trips for several classes with different pick-up and drop-off points if required.

If you would like any further information, or to discuss a tailor-made tour please contact our Education Officer, Carrie Hitchcock at education@bristolferry.com.
